

Brut Rosé

TRENTODOC

Alcohol content

12,5%

This elegant rosé is made with Pinot Noir and Chardonnay, two international grape varieties that have well adapted to the Trentino territory.

Serving temperature

42-44°F

Production area

Thanks to the great variability of microclimates and micro-territories, in Trentino Pinot Noir can express its great aromatic richness and its elegant structure even on very poor soils located between 1,300 and 1,600 feet above sea level.

Grapes

Chardonnay and Pinot Noir

Characteristics

This wine showcases a pale pink color with light copper reflections. The aroma recalls blackberry, cherry and raspberry with white fruit and pineapple, and very slight yeasty notes.

The structure is delicate and fragrant, with an elegant and soft structure and a lively acidity and minerality. Persistent, fine and elegant perlage.
